

Chapter

1. Asbestos Exposure Assessment, Risk Identification, and Substitutes

Section

B. Asbestos Exposure Assessment and Control in Occupational Settings

No./Title

**b-9. Safe work practices for handling asbestos**

Author/Contributor

WorkSafe BC

Bibliographic ID

## Introduction

Asian context

This document provides safe work practices for the operation and management of asbestos-containing buildings and facilities for Asian countries.

Critical appraisal

This document is one of the most well organized safe work practices for asbestos work but does not cover work activities in general industries.

Unique keywords

Abstract

**Background:** This document provides safe work practices for handling asbestos and is issued by WorkSafeBC, which is dedicated to promoting workplace health and safety for the workers and employers of British Columbia.

**Objective:** This manual provides general information that employers can use to develop their own site-specific procedures. The manual covers safe employer's responsibilities, safe work procedures, personal protective equipment and emergencies and incidents for handling of asbestos in buildings and facilities.
